

THE ENI AWARD.

IDEAS FOR A BRIGHTER FUTURE.

Eni has always promoted and encouraged scientific research and innovation in the field of energy, its transformation and its sustainability. This international prize awards and promotes the best projects in the field of scientific and applied research, in particular with regard to the following three categories: **Science and Technology, Research and Environment, Debut in Research.** Because the ideas for a brighter future begin today.

Under the High Patronage of the President of the Italian Republic.
